Are you learning online? Project Lead The Way (PLTW) can help you with useful tips in your course to help you navigate as you learn! Contact your teacher if you have any questions. Here are more strategies to empower and support you in your online and blended (a mix of online and in-school) learning experiences.

**PLTW’s Distance Learning Support**

PLTW offers students a transformative learning experience. The backbone of the PLTW experience is the APB approach, which stands for Activity-, Project-, and Problem-based learning.

- Create a calendar to help track your learning progress, manage your time, and keep yourself on track and accountable.
- Set up learning goals for yourself.
- Monitor your learning progress.
