

PLTW Launch 2023-2024

Computer Specifications

May 2022 v1

The PLTW curriculum utilizes powerful, industry-based software. To prepare for a successful school year, please work closely with your IT department to ensure your computer hardware meets or exceeds the specifications below.

Distance Learning: All Launch courses are compatible with Chromebooks, iPads, and Android tablets for Distance Learning. See the [PLTW Software page](#) for additional details.

Please note, we do not support the following software solutions for use with the PLTW curriculum:

- Open Office
- Virtual Desktop Environments
- Internet Explorer for myPLTW

PLTW Launch Specifications

PLTW Launch Module	PC/Windows	Mac	Chromebook	Android Tablet	iPad/iOS
All PLTW Launch Modules (See notes below)	Teacher Only	Teacher Only	✓	✓	✓

- Students must have Androids, Android-enabled Chromebooks, or iPad® at a recommended 4:1 student to device ratio.
 - ALL PLTW Launch Modules support Android-enabled Chromebooks, Android, and iPad devices.
 - Please note, we only support Android-enabled Chromebooks. Google maintains the list of makes/models supported. You can review that information [here](#).
- Each teacher must have a laptop computer AND the same device students will use (either iPad, Android, or Android-enabled Chromebook).
- See the [PLTW Launch App List](#) for or the [PLTW iTunes page](#) (link will only work on Mac or iOS devices).

****Please note,** we recommend that you consult with your IT department about how your school currently manages (or plans manage) software and app installations. Under many circumstances, you may need an 802.11 wireless router in the classroom. Please test your unique classroom environment to ensure adequate wireless access is in place. If you do need to make a wireless router purchase, please verify the selected router will allow adequate simultaneous connections by contacting the manufacturer and discussing the number of devices that will be concurrently used.

Allow List: Please see our Allow List for ports and websites [here](#). The myPLTW Allow List in accordance with this ensures that teachers and students can access and use the software, websites, and applications required to offer PLTW coursework.

Other PLTW Launch Hardware

Projector: Each classroom needs a digital projector with screen (or equivalent classroom display hardware) with appropriate cables, adapters, or software to connect to the teacher device.
